# THE LAST THING SARAH EXPECTED WAS PROSTATE CANCER.

---

When your partner experiences cancer, so do you. Sarah's husband was diagnosed with prostate cancer in 2008. Her life was turned upside down in an instant. She called us. Cancer Council Helpline is a resource for cancer patients as well as their family and friends. So if you have questions, or are in need of reliable information or support, call and speak to a cancer nurse. Because we know you don't have to have cancer to be affected by it.
